### RENEWAL OF APEC ENGINEER REGISTRATION

---

We are pleased to invite you to renew your APEC Engineer registration for the year 2016.

Registration as an APEC Engineer indicates that your competence and commitment to professionalism have been assessed by your peers and demonstrates that your competence may be compared with standards applicable internationally. It offers you the chance to join with other members with common interest in advancing the quality of the engineering industry and most importantly be connected. Besides, for the year ahead, IES will plan for courses, talks or seminars to help keep APEC Engineers abreast of latest industry developments in APEC region.

We therefore encourage you to be part of it by renewing your registration now.

Thank you.

Er. Ong See Ho  
Chairman  
APEC Engineer Monitoring Committee
