QECP Review Panel

The 2nd QECP Review Panel Seminar was held on 8 May 2015 at the PUB Waterhub Theatre. 111 QECPs attended the seminar.

At the seminar, the QECPs suggested not to add more checklists for ECM plan submission, so as not to target the QECP cohort as a whole for the mistakes made by a few QECPs. Instead, the Panel should focus on taking actions against the individual errant QECP.

Taking into considerations the above views of the QECPs, the QECP Registry Panel has revised the QECP rules for Professional Discipline with fine-tuning and clarity added to the demerit point system. The code is attached at Annex 1 for the QECP reference.

With regards to those QECPs that have amassed demerit points after the past QECP review sessions, they will be reminded of their demerit points separately.
